## BRIAN K. DOERR, DPM, PA

---

*Diplomate, American Board of Podiatric Surgery • Certified in Foot Surgery*

### **Consent for Examination and Treatment:**

I hereby request and give permission to Dr. Brian K. Doerr and whomever he may designate as his assistants to administer treatment, and to perform such general procedures as he may deem to be necessary in the diagnosis and/or treatment of my foot complaints.

### **Financial Responsibility:**

I agree to be financially responsible for any deductibles, co-insurance and/or co-payments at time of service unless prior arrangements have been made. I also guarantee the payment for any denied or uncovered claims which may be due to Brian K. Doerr, DPM for professional services rendered to me on my behalf. I agree that in the event that my account has to be turned over to a Collection Agency, a collection-fee in the amount of 30% of the then outstanding balance will be added to my account and shall become a part of the Total Amount Due. Any checks returned for non-sufficient funds will result in an additional \$25 charge per item added to the account balance, which I agree to pay in full.

### **Referrals and Authorizations:**

If your insurance has designated a primary care physician (PCP), you may be required to have prior authorization from your PCP prior to your office visit with Dr. Brian K. Doerr. If authorization is required and not provided, you will be asked to either reschedule your appointment or pay for the visit in full at the time of service.

### **Consent to ePrescribe:**

ePrescribing is defined as a physician's ability to electronically send an accurate, error free and understandable prescription directly to a pharmacy from the point of care. Congress had determined that the ability to electronically send prescriptions is an important element in improving the quality of patient care. It greatly reduces medication errors and enhances patient safety. The Medicare Modernization Act listed standards that have to be included in an ePrescribe program.

These include:

- Formulary and benefit transactions - Gives the prescriber information about which drugs are covered by the drug benefit plan.
- Medication history transactions – Provide the physician with information about medications the patient is already taking to minimize the number of adverse drug events.
- Fill status notification – Allows the prescriber to receive an electronic notice from the pharmacy telling them if the patient's prescription has been picked up, not picked up or partially filled.

By signing this consent form you are agreeing that Dr. Brian K. Doerr can request and use your prescription medication history from the other healthcare providers and or/third party pharmacy benefit payers for treatment purposes.

Understanding all the above, I hereby provide informed consent to Dr. Brian K. Doerr to enroll me in the ePrescribe program. I have had the chance to ask questions and all my questions have been answered to my satisfaction.

I give my consent to Brian K. Doerr, DPM including his medical/office staff to access, use and disclose my protected health information for my treatment, for payment for my treatment and for health care operations consistent with the federal HIPAA privacy act. I consent to the disclosure of my prescription medical information by any provider, pharmacy, and insurer or prescription benefits manager, specifically including any state or federal health benefits program to Brian K. Doerr, DPM for the purpose of my treatment. I am aware that the privacy practices of Brian K. Doerr, DPM are described in its Notice of Privacy Practices. This consent is subject to my revocation at any time except to the extent it has already been acted on.
